A Maze according to the new Webster's
Dictionary - noun, a network of
intricate paths; a labyrinth; confused
condition; mental perplexity - to confuse

Sea Tree should be named instead
of the "road to nowhere" - be named "Maze
Tree" - because that will be what it
will become a "Maze"

~~several~~ several ordinances DOT states
that a road to or from a sub-division
must meet a state maintained road -
or the road (subdivision) will not be
accepted - Hello? - you will be creating
the exact situation all over again
I believe that the Jones' have access
to other property that will take them
to a state road - Because Sunnyside
is not a state road, DOT has said
it cannot be, & will never accept
~~accept~~ Sunnyside as a state road - it
is a ~~state~~ road maintained by the
sunnyside residents PRIVATE ROAD -
it is unsafe,
hazardous, & a threat to lives of residents
& visitors, children especially...! Down
the road (pun) - there will be problems
it is inevitable & the responsibility

will fall on your shoulders. The County Commissioners who by law are elected to honor & protect its citizens.

You need to look to the future not just what seems simple, easy - This is actually a complex situation with far reaching implications & probable complications. As I said earlier there are other outlets, possible roads for the Jones Property - The Jones' are trying for the easiest solution to them - But remember our road is a private Road, not a state road, not a county road, as a county cannot own a road - therefore as a owner of the one of the owners, My vote is No - The Jones have other access. They should be using those resources & not a Private Road, A Hazardous, & a Dangerous Road as ours - ~~They~~ Please help ~~they~~ ^{them} find other access - Remember Ours is a Private, Hazardous & Dangerous Road -

Thank you for
listening
